

Traditional Owner & Engagement Policy

Delta Lithium Limited (Company) are committed to learning, listening, and working with Traditional Owners on the land on which we meet and operate.

We acknowledge and respect the unique and important interests that Traditional Owners have for the land on which we operate. Their knowledge, beliefs, and languages contribute to ensuring sustainable management practices for development of natural resources.

Delta Lithium is committed to respecting and advancing the relationship with and cultural understanding of the Traditional Owners upon whose land we operate by:

- Communicating with the Traditional Owners and their communities through respectful and transparent dialogue.
- Building constructive relationships based on respect, meaningful engagement, and mutual benefit.
- Respecting and protecting places, stories and customs of the Traditional Owners.
- Supporting programs of collaborative training, education, and development for all stakeholders.
- Pursuing opportunities to engage Traditional Owner businesses within our supply chain.

This Policy applies to all Directors, Employees and Contractors of the Company at all our project sites.
